

# WHAT DO YOU THINK?

## Sauk Prairie Conservation Alliance MEMBER SURVEY

The Sauk Prairie Conservation Alliance, currently celebrating its 20th anniversary, has evolved and changed since 1997 to meet the needs of a changing landscape at the former Badger Army Ammunition Plant. We have continually aspired to represent the community as we promoted a green future for the Badger Lands.

We now look ahead to the next 20 years and want to be vibrant, relevant and supportive of the community's interests associated with the Badger Lands. Please take a few moments to fill out this brief member survey to help us plan our future! THANK YOU.

Which of the following Alliance activities have you participated in over the past 20 years? Please mark all that apply.

- public tours at Badger** (including specialized tours—e.g., geology, frogs, birds, plants)
- public education** (e.g., events, programs, educational videos)
- using** the Alliance's *Visitor Guide to the Badger Lands* (published 2017)
- advocacy** (previously—comments to DNR's master plan; currently—lawsuit against DNR)
- Other** \_\_\_\_\_
- prairie restoration** at Badger
- volunteering** (stewardship days, apples, trail-building, board of directors, office help)
- tours for school-aged groups** (primary, secondary)
- research & conservation** (e.g., Apple Corps project, grazing goats)

What would you like the Alliance to offer for the Sauk Prairie area over the next five years? All ideas welcome!

\_\_\_\_\_

\_\_\_\_\_

Please **prioritize the activities** that you think are the most important for the Alliance to pursue in the next five years, with "1" being the highest priority, "2" the second, etc. Prioritize only those activities that you feel are important.

— **public tours at Badger** (including specialized tours—e.g., geology, frogs, birds, plants)

— **tours for school-aged groups** (primary, secondary)

— **public education** (e.g., events, evening programs, educational videos)

— **research & conservation** (e.g., Apple Corps project, insects, small mammals, birds at Badger, etc.)

— **advocacy** (currently, lawsuit against DNR)

— **facilitate** communication among Badger landowners on areas of mutual interest (education, restoration, etc.)

— **prairie restoration** (small- and large-scale)

— **volunteer engagement** (stewardship days, prairie restoration, trail building)

— **promote** the planning and construction of a state-of-the-art visitor center at Badger, shared by all landowners

— **Other** \_\_\_\_\_
